

Diogo Silva

Aveiro • diogo6801@gmail.com • linkedin.com/in/diogo-silva-612774356

Data Analyst with hands-on experience in SQL, Python, Power BI, and data modelling, focused on transforming raw data into actionable business insights. Strong background in analytical disciplines, with excellent problem-solving, pattern recognition, and communication skills developed over 12 years in analytical education. Experienced in data cleaning, exploratory analysis, reporting, and dashboard development, with a strong interest in data-driven decision-making and applied analytics in business environments.

SKILLS

Technical: Python, SQL, Power BI, Excel, Google BigQuery, GitHub, ETL, Data Cleaning, Data Modelling, EDA

Analytical & Professional: Analytical Thinking, Problem Solving, Pattern Recognition, Attention to Detail, Communication, Stakeholder-Focused Reporting

EDUCATION

Bootcamp in Data Analytics

Le Wagon

remote • 04/2025 - 06/2025

- Queried and transformed large datasets using SQL (BigQuery) to prepare structured, analysis-ready tables.
- Performed data cleaning, feature engineering, and exploratory data analysis using Python.
- Built interactive Power BI dashboards and reports to communicate insights to non-technical stakeholders.
- Applied data validation and quality controls to ensure high analytical accuracy..
- Delivered end-to-end analytical projects, from raw data ingestion to insight presentation.

Master's degree in Music Theory and Composition

Universidade de Aveiro

Aveiro, Portugal • 09/2005 - 06/2012

- Developed advanced analytical reasoning, structural decomposition, and pattern recognition skills.
- Built strong information structuring, synthesis, and communication abilities.

PROJECTS

Himalayan Expeditions

06/2025

- Cleaned, structured, and modelled large datasets using SQL and Python.
- Built Power BI dashboards with KPIs, filters, and interactive insights for user exploration.
- Developed and evaluated machine learning models to predict optimal climbing destinations based on expedition characteristics.
- Delivered actionable insights and recommendations based on predictive modelling results.

WORK EXPERIENCE

Musical Analysis Teacher — Analytical & Communication Role

Esproarte

Mirandela, Portugal • 01/2012 - 09/2025

- Applied structured analytical reasoning to break down complex systems and extract meaningful patterns.
- Developed strong quality control and validation practices through continuous evaluation and feedback.
- Communicated complex technical concepts clearly to diverse audiences, improving understanding and engagement.
